

AMBA Matching Grant Program

The Association of Military Banks of America (AMBA) is pleased to announce its first annual AMBA matching grant program.

This new program is a component of AMBA's annual charitable donation agenda, funded by AMBA Services Inc.

ABOUT US

AMBA's mission is to lead and support its members to enhance the financial wellness of U.S. military and veteran communities by building strategic partnerships and promoting financial products, services, and education.

Application Form

The matching grant program allows for a grant up to \$1,500 per AMBA member bank in good standing. In 2024, a total of 10 grants up to \$1,500 will be made. Only one application per bank will be considered.

If the bank is also an AFFN participant, it can apply for another \$1,500 from the 2024 AFFN matching grant program, which also offers grants up to \$1,500. Thus, AMBA-AFFN banks can receive \$3,000 in matching grants from AMBA and AFFN.

AMBA is looking forward to helping your bank achieve your philanthropic objectives. Start the process today by filling out the application below and providing the requested documentation.
