13 December 2024

The Honorable French Hill
Chairman, House Financial Services Committee
1533 Longworth House Office Building
Washington, D.C. 20515

Dear Congressman Hill,

On behalf of the Association of Military Banks of America (AMBA), I am pleased to congratulate you on your selection as Chairman of the House Financial Services Committee. Your leadership on financial policy and dedication to addressing the unique challenges faced by service members, veterans, and their families is greatly appreciated.

AMBA has been privileged to work with you and your team on critical initiatives and proposed legislation, including the Military Banking Improvement Act of 2024. The establishment of the Advisory Committee on Military Banking as part of this proposed legislation demonstrates your commitment to strengthening financial services for military communities. By enhancing the Department of Defense's Military Banking Program, this Act promotes efficiency, safety, and effectiveness in delivering banking services to those who serve our nation. We look forward to working with you to advance this important legislation in the new year.

We greatly appreciate your engagement with AMBA to advance these shared objectives. Together, we can strengthen initiatives that promote the financial wellness of U.S. military and veteran communities through strategic partnerships, financial education, and access to essential services. AMBA is committed to supporting your efforts with the Committee and contributing to these critical initiatives.

Chairman Hill, we deeply value your partnership and commitment to these critical issues. Please do not hesitate to call on AMBA as a resource as we work to address the financial needs of those who serve our nation. As AMBA's new President and CEO, I would greatly appreciate the opportunity to meet with you personally to discuss how we can further collaborate to achieve our shared objectives.

Congratulations again on this well-deserved recognition of your leadership.

Warm regards,

Omuso D. George
Brigadier General, USA (Ret.)
President & CEO
